I -- SILVER STAR (Posthumous Awards). Pursuant to authority contained in AR 600-45, dated 22 September 1943, as amended, and Circular 6, Headquarters Third United States Army, 26 April 1944, a Silver Star is awarded, posthumously, to the following officer and enlisted men:

Amended Sec XI GO 20/45
First Lieutenant George W Minshall, 01174077, Field Artillery, United States Army, for gallantry in action near * * * , France, ~~29~~ August 1944. Lieutenant Minshall was serving as liaison officer attached to the Third Battalion, * * * Infantry, and had his observation post well forward of the battalion operations post. He located the enemy artillery fire continually harassing troops; and in crossing fifty yards of open ground in order to call the fire direction center, he was struck by enemy artillery, and although he was mortally wounded, refused first aid or evacuation until he had first telephoned the fire mission to his artillery. He died as a result of his wounds, but his tenacity of purpose, and his disregard for personal safety in placing the successful accomplishment of his mission above the value of his life, reflect the highest credit upon Lieutenant Minshall and is in accord with the highest traditions of the military service. Entered military service from Alabama.

Corporal Thomas J J Downing, 32806806, Corps of Engineers, United States Army, for gallantry in action in the * * * River sector, near * * * , France, 10 September 1944. When his unit was forced to withdraw across a bridge from which it was then removing enemy demolition charges, Corporal Downing discovered that part of his squad, of which he was assistant squad leader, remained on the hostile shore. With complete disregard for personal safety, and despite the intense concentrations of enemy fire upon the bridge, Corporal Downing crossed the bridge to the enemy shore and led his squad back to safety, although while so engaged, he was mortally wounded. Corporal Downing's courageous action constitutes such gallantry in action as to reflect credit upon his character as a soldier, and is in accord with the highest military traditions. Entered military service from New York.

Private First Class Robert Ditmore, 34505002, Infantry, United States Army, for gallantry in action in the * * * sector, Normandy, France, on 13 July 1944. When leading elements of the Second Battalion, * * * Infantry, were pinned down by enemy machine gun fire, Private Ditmore's platoon was ordered to move around the left flank and locate and destroy the enemy guns. Upon nearing the objective, the platoon leader was seriously wounded, whereupon Private Ditmore stood upright and fired three clips of ammunition into the enemy positions with his Browning Automatic Rifle, with such effect that the enemy was forced to withdraw, but was himself killed by enemy action. His courageous actions and gallant self-sacrifice reflect the highest credit upon his character as a soldier and upon the military service. Entered military service from Tennessee.

II -- SILVER STAR. Pursuant to authority contained in AR 600-45, dated 22 September 1943, as amended, and Circular 6, Headquarters Third United States Army, 26 April 1944, a Silver Star is awarded to the following enlisted men of this command:

Staff Sergeant Carl Ash, 37390800 (then private first class), Infantry, United States Army, for gallantry in action in the vicinity of * * * , France, 12 August 1944. As his platoon moved to the front, the vehicle in which Sergeant Ash was riding was ambushed by enemy forces concealed behind hedgerows along the road, causing numerous casualties. Sergeant Ash leaped from the truck, moved along the hedgerow toward the enemy, firing his pistol rapidly and shouting imprecations at the enemy. His actions enabled his platoon to regroup, and played a large part in forcing the enemy to withdraw. Sergeant Ash then carried his wounded squad leader to a position of safety and administered first aid to him and to other wounded

soldiers of his platoon. His gallantry in action, his fighting spirit and disregard for personal safety are in accord with the highest traditions of the military service. Entered military service from Missouri.

Sergeant Arthur J Rochette Jr, 20234925, Infantry, United States Army, for gallantry in action in the * * * River sector, France, 31 July 1944. When an intense concentration of enemy fire forced his platoon to withdraw, leaving two wounded men lying exposed to further injury and possible death, Sergeant Rochette, a squad leader, disregarding the enemy fire, and assisted by another enlisted man, improvised a litter, crossed the dangerous terrain and evacuated one of the wounded men. Then, assisted by another noncommissioned officer, he again crossed the dangerous ground to evacuate the second wounded man to safety. The initiative, courage and resourcefulness of Sergeant Rochette, and his gallantry in action, are in accord with the highest traditions of the military service. Entered military service from New Jersey.

III — BRONZE STAR MEDAL. Pursuant to authority contained in AR 600-45, dated 22 September 1943, as amended, and Circular 6, Headquarters Third United States Army, 26 April 1944, a Bronze Star Medal is awarded to the following officers, warrant officer, and enlisted men of this command:

Brigadier General Edmund B Sebree, 012376, United States Army, for heroic service in connection with military operations against an enemy of the United States in the * * * sector, near * * *, France, 29 September to 1 October 1944. During this period, General Sebree, in his capacity as Assistant Division Commander, made numerous trips of inspection and co-ordination of defenses in the front-line areas. When the Division Commander was temporarily incapacitated due to a wound on 1 October 1944, General Sebree pressed the continuation of an attack to regain defensive positions on the eastern edge of the * * * to a successful conclusion. His zeal, tenacity of purpose, skill and tactical judgment contributed materially to the success of the operation. Entered United States Military Academy from Illinois.

Colonel Madrey A Solomon, 019194, General Staff Corps (Field Artillery), United States Army, for exceptionally meritorious conduct in performance of outstanding service on 30 September and 1 October 1944. Entered United States Military Academy from North Carolina.

✓ Captain Charles E Hake, 0420091, Infantry, United States Army, for heroic service in connection with military operations against an enemy of the United States, in the * * * River sector, east of * * *, France, on 10 September 1944. When a machine gun platoon of his company became separated from other units of the company during a strong enemy counterattack in the vicinity of a bridge across the * * * River, Captain Hake, Commanding Officer of Company H, * * * Infantry, despite heavy concentrations of enemy fire of all types, succeeded in locating the platoon and, under extremely difficult conditions, reorganized the platoon and coordinated its action with the remainder of the company. When the bridge was finally blown up by enemy action, Captain Hake's dynamic leadership, disregard for personal safety, and perfect control of the troops under his command enabled his company to withdraw to positions of safety with minimum casualties. Entered military service from Nebraska.

First Lieutenant Richard C Strachan, 01557797, Corps of Engineers, United States Army, for heroic service in connection with military operations against an enemy of the United States in the vicinity of * * *, France, 27 September 1944. As Lieutenant Strachan accompanied by three enlisted men, approached the * * * River with the mission of placing demolition charges on a bridge in anticipation of a possible break-through by enemy tanks attacking from a point about five hundred yards to the northeast, the area was subjected to heavy concentrations of observed enemy artillery and mortar fire. Since the intensity of the fire made it impracticable to use vehicular transportation, Lieutenant Strachan and the enlisted men carried necessary supplies, including fifty-pound boxes of TNT, a distance of three-fourths of a mile to the bridge, and worked for twenty-five minutes through the continuous artillery and mortar barrage to place the demolition charges. Lieutenant Strachan's courage and devotion to duty under fire, his leadership and tenacity of purpose, reflect credit upon his character as an officer and upon the military service. Entered military service from New York.

Second Lieutenant James A Healy, 01176363, Field Artillery, United States Army, for heroic service in connection with military operations against an enemy of the United States near * * *, France, on 11 September 1944. Lieutenant Healy displayed a high order of courage by remaining at his forward observation post on high ground west of the * * * River and continuing to observe and adjust artillery fire for a period of seven hours despite the fact that his position was subjected to heavy concentrations of enemy artillery fire. Lieutenant Healy's courage, tenacity of purpose, devotion to duty, and accurate fire direction contributed much to the success of the battalion mission. Entered military service from New York.

Second Lieutenant Adrian J Salvas, 01644039, Signal Corps, United States Army, for heroic service in connection with military operations against an enemy of the United States in the vicinity of * * *, France, 11 September 1944. The route which he was required to travel from the fire direction center was under extremely heavy and accurate enemy artillery fire, as were approximately thirty yards of open terrain which he had to cross in order to reach his destination. This open terrain was known to be under enemy observation, but Lieutenant Salvas crawled across the dangerous area under fire, reached his destination and succeeded in obtaining very satisfactory photographs of the enemy. Lieutenant Salvas' intrepid actions and his tenacity of purpose reflect credit upon his character as an officer. Entered military service from New Jersey.

Since the intensity of the fire made it impracticable to use vehicular transportation, Sergeant Mortensen and his companions carried necessary supplies, including fifty-pound boxes of TNT, a distance of three-fourths of a mile to the bridge, and worked for twenty-five minutes through the continuous artillery and mortar barrage to place the demolition charges. Sergeant Mortensen's courage and devotion to duty under fire served as an inspiration to other soldiers of his unit. Entered military service from Wisconsin.

Sergeant Affenita, with complete disregard for his personal safety and despite concentrated enemy fire of all types, remained in the vicinity of the bridge for a period of six hours and, together with two other enlisted men, administered first aid to wounded infantrymen and evacuated them to a place of safety.
