### RECORD OF EVENTS

The Co left Rheinberg at 2000 last night and proceeded by organic transportation to the bank of the Rhine river. After considerably delay we were admitted to the roadway bridge and came across without difficulty. There was a small amount of air activity over the area but it was ineffectual. We moved to a position 5 miles East of the river and remained there from 0400 to 1300 today. Moved to present location after the noon meal. Co has no casualties. Weather cloudy and warm. (Above Record of events omitted fr Morning report of 26 Mar 45.)
